Website Developer

With over 18 years of experience in business development, sales, and data management. I have developed a strong skill set in prospecting, client relationship management, and strategic planning. In 2023, I found my passion for web development and completed an online bootcamp for women. This experience ignited my desire to learn and grow in this field. Over the past two years, I've honed my skills and am now an aspiring Full Stack Web Developer, committed to creating dynamic and responsive websites. My extensive professional background seamlessly integrates with my new career, allowing me to leverage my strategic and communication skills in the tech industry.
